Why Choose A Lifestyle International Barbeque?

Roasting hood with wide ceramic glass viewing window and temperature gauge.

Extra wide side serveries - strong enough to use for lifting the barbeque.

Convenient tilting door retracts underneath the barbeque frame and right out of the way.

Optional side burner allows you to cook sauces and marinades, steam, saute and stir fry without leaving the barbeque.

Electropolished stainless steel plates and grills are beautiful to cook on and easy to clean.

Fully enclosed cabinet for safe storage of utensils and accessories.

International 2 burner

International 3 burner

International 4 burner

International 5 burner

Note: BBQs shown with optional side burner. Two plain side serveries available if preferred.
